

IEEE Wireless Communications and Networking Conference 15-18 April 2018 • Barcelona, Spain

IEEE WCNC 2018 EXHIBITOR BROCHURE

About the conference

IEEE WCNC is the only IEEE conference focused exclusively on wireless research, technology, and applications. It brings together thought leaders from industry, academia, government agencies and other institutions to exchange information and ideas on advancing the state-of-the-art in wireless communications and networking.

Located in the heart of Barcelona and amidst many prestigious research centers and universities, IEEE WCNC'18 will be a catalyst for bringing together participants from academia and industry to help foster new connections and ideas. The conference will feature a comprehensive technical program with tracks on wireless research, technology, applications and services. In addition, IEEE WCNC'18 features a greatly expanded industry program, including a large exhibition hall showcasing the latest wireless technology, industry-focused keynotes, panels, tutorials, workshops, and student and startup contests in the wireless domain. This expanded program will provide unique opportunities for industry professionals to share and learn about the latest ideas, trends, and product innovations in the wireless industry. Details on the program as well as the call for proposals on tutorials, workshop and panels can be found at the conference website: wcnc2018.ieee-wcnc.org.
